TELEGRAPHIC.

GREAT EXHIBITION

Fort Saskatchewan Fair a Decided Success

Fort Saskatchewan, Aug. 19.—The annual Agricultural exhibition which closed here last night, far surpassed anything that was ever held here before. The hall was prettily decorated and well filled with exhibits. There was a good display of live stock, horses, cattle, sheep and pigs, and the competition was keen.

The Races.
The following is a list of the races:
Pony race, 14 1-2 hrs, best 2 in 3.
Buntly Hen, 1st. Shoe String, 2nd.
Free for All.—Won by Mambrino's Gift. Sandy, 2nd. D. J. Dan, 3rd.
Trot or pace, 250 class, Smith's horse Strathcona, 1st. Dan Patchen, owned by Mr. Faulkner, of Fort Saskatchewan, 2nd.
Open run, handicap weight for age, 1 mile. O'Day, 1st. Darry, 2nd. Shoe String, 3rd.
Team race, go-as-you-please, open to all. D. Simmons, 1st. J. A. Watson, 2nd. E. Simons, 3rd.

The gymnastic events were a very important feature of the day, and caused no end of amusement.

Baseball Match.
The baseball match between Edmonton and Fort Saskatchewan yesterday afternoon, which was won last year by Edmonton, was the leading event of the day. The teams lined up at five o'clock to play nine innings. The Fort went to bat first, but did not score. Then Edmonton followed scoring 2 runs. Then two innings were played without a score. In the fourth inning the home team scored three, owing to an old professional trick of Capt. Simmons. Again in the sixth inning the Fort scored, and in the seventh inning Edmonton scored. This was the last score that was made, thus leaving the score 4 to 3 in favor of the Fort. Both teams played well and a good exhibition of baseball was played. The referee's decisions were satisfactory to both teams. We congratulate him on his just decision.

The new addition to our home team, Mr. Stafford Simons, 1st. of Owen Sound, did some pretty work. Staff's first all right.
Evening Lecture.
After the day's sports were ended a large crowd gathered in the large hall to hear Mr. J. A. Watson, a good speaker and all who heard him speak very highly of his lecture. He also has a great variety of South African curios collected from the natives there. A large crowd was in attendance at the fair, and the weather was all that could be desired.

Winnipeg, August 19th.
MANITOU DEFEATS DELORAIN.
Manitou won the lacrosse match at Deloraine yesterday by a score of 8 to 4.

SERIOUSLY ILL.
The condition of Lord Salisbury is reported serious.

IMPORTANT MEDICAL DISCOVERY.
An important medical discovery in the cure for lockjaw was made in Chicago.

KILLED BY EATING ICE CREAM.
In Colorado fifty people were poisoned by eating ice cream that had formalin in it.

PROMINENT WINNIPEGGER DEAD.
Mr. Horace Crawford, one of Winnipeg's best known barristers, dropped dead at Owen Sound.

INCREASE IN GERMAN ARMY.
The German emperor will ask the Reichstag for funds to increase the army by two more corps.

CHINESE ARE BECOMING ENLIGHTENED.
The Chinese Reform Association of Victoria, sent an address to the emperor asking for reform in China.

PREFERENTIAL TRADE DISCUSSED.
The question of preferential trade within the empire was discussed at the congress of Chambers of Commerce of the empire in Montreal yesterday.

SHAMROCK III. WILL GET SLIGHT START.
The official measurements of the Shamrock and Shamrock III will give Shamrock one minute and 45 seconds over a 30 mile course.

GRAIN QUOTATIONS.
Fort William wheat, No. 1 hard, spot, 12 1-2 cents a bushel.
Winnipeg oats, No. 2 white, 30 cents a bushel.

WEATHER. PROB.
The weather has been everywhere very fine with good day temperature, but somewhat cool conditions at night. The outlook is still very fine and at the same time moderately warm, although scattered showers may be expected by tomorrow.

SPLENDID BASEBALL

Fort Saskatchewan Wins by One Run

In a practically errorless game of baseball at Fort Saskatchewan yesterday afternoon, Edmonton was defeated by a score of 4 to 3. It was easily the best game ever played between the two towns, and until the third man was out in the last innings, it was anybody's game. Steeves, for the Fort, and Samis for Edmonton, pitched star games and were given perfect support. Fort Saskatchewan's batting won the game for the home team and Edmonton had the Fort outplayed in every point but this. The responsibility for this is largely due to Edmonton's lack of team practice. However, it was an excellent game, the best of good feeling prevailed throughout and the large crowd of onlookers were thoroughly pleased with the match. The teams were as follows:

Edmonton Pitcher: Fort Sask'n.
Stevens Catcher.
Ball... Steeves
First Base... Atkinson
Hamilton... Simons
Second Base... Simons
Magill... Sword
Third Base... Simons
Ingles... Shortstop
Will Ball... Kemball
Birk... Constantine
Gilmour... Cranson
Left Field... Setter
Mr. Coonan of the Halfway House, acted as umpire and gave excellent satisfaction.

The time by innings was:
Fort Saskatchewan—0 0 0 0 1 0 2—4
Edmonton—2 0 0 0 0 1 0—3.
By winning this game the Fort takes the second game in the series for the Sherm's cup. Last year Edmonton won the first game. Next year the two teams will play the final game for the possession of the cup.
The Edmonton boys are greatly pleased with their reception at the Fort, and hope to return the compliment when Fort Saskatchewan comes to play in Edmonton on Labor Day, September 15th.

LOCAL

—Council meeting tonight.
—Train left Red Deer on time.

—Calgary public schools open tomorrow.

—Williamson Bros. shipped a carload of about one hundred and eighty hogs to Calgary this morning.

—M. D. Geddes, associate editor of the Farmer's Advocate, Winnipeg, has been in Edmonton the past couple of days.

—Professor Riddell, of Wesley College, Winnipeg, has definitely accepted the principalship of McDougall College, Edmonton.

—McDougall and Secord have purchased a batch of furs offered for sale by Rev. Mr. Woodson, missionary in Alaska, for \$2,828.

—Ideal weather greeted the Fort Saskatchewan Fair yesterday. A considerable number were present from Edmonton.

—Two gangs of men have left for Fraser & Company's lumber woods the past couple of days, and their drive of logs will probably be in Edmonton within two or three weeks.

—D. L. Clink arrived in Edmonton yesterday, having driven over from Battleford. He says that Battleford is enjoying a very great share of the abundant western prosperity. Visiting Britannia on his way to Edmonton, he found the condition of affairs greatly changed since his last visit. The Britannia Supply Company and other stores have broken the high prices formerly demanded.

—The Western Canada College, Calgary, has issued a neat prospectus of their school course, setting forth the aims of the college, and a full description of the work to be carried on. The autumn term will commence on Tuesday, September 14th. The board of trustees is composed of a number of the most prominent men in Calgary, Lethbridge, Medicine Hat, Cranbrook and Macleod. The principal is A. O. MacRae, Ph. D.

—Mr. J. E. Cryderman returned to Edmonton last night from a three months' trip to Washington, Oregon, California and British Columbia. He first went to Spokane, Washington, and afterwards took a trip down the Arrowhead Lake. He visited Everett, Washington, and Portland, Oregon, and spent a delightful fortnight at Tillamook Bay. From there he went to Astoria, the noted salmon fishing station. It is said that there are about ten thousand fishing boats at Astoria. Here are situated a number of cannery factories and this year the run of salmon was greater than it has been for years. Returning by British Columbia he arrived in Edmonton last night. He is very glad to be back and says that no matter where he went, every body had numerous questions to ask of Edmonton and district. At Portland, Oregon, he met a family who had lived at Red Deer for a couple of years, but who went to live in Oregon three years ago. They are now on their way back to Alberta.

For additional locals see page four.

18 styles of Office and Home Desks

Our Office Desks include all the features of a business man's desk, at prices that means business also.

Our home desks are perfect, economizing space and still giving a large writing bed.

Typewriter desks, tilting and arm chairs, we have them all. We buy for two large stores but for spot cash, and will make it pay you to buy here.

J. T. BLOWEY.

EDMONTON STRATHCONA

BANK OF NOVA SCOTIA

Has Opened an Office in Strathcona

The Bank of Nova Scotia opened up in Strathcona yesterday morning in part of H. F. Sandman's offices in the Blowey building. The intentions of the officials of the Bank of Nova Scotia at Edmonton, were kept entirely secret until the bank was actually open for the transaction of business. Immediate steps will be taken to erect a large and permanent bank building. The safe for the new bank was shipped on Monday from Toronto. The bank will be under the supervision of E. T. Himmitt, manager of the Edmonton branch of this bank, and for a couple of weeks, until definite arrangements will be made, Mr. Himmitt will meet customers at the Strathcona branch while Mr. Ross, accountant, will be temporarily in charge at Edmonton. Two men are now on their way from the east, and when they arrive an arrangement of the staffs will be made.

At present there is only one bank, the Imperial, in Strathcona. It seems strange that a second bank had not entered some time ago. The Bank of Nova Scotia have exhibited their faith in the future of Strathcona by their action in establishing a branch of their bank there. Edmonton and Strathcona are establishing more firmly day by day their claim of being the leading commercial and agricultural centre in the Northwest Territories.

WEDNESDAY, AUGUST 19TH, 1903.
FROM OTTAWA

Bulletin Correspondence.
The railway commission bill reached its third reading in the Commons and was finally passed yesterday. No amendment was made to it at the third reading, but a motion was made by Mr. McLean that the maximum railway fare throughout Canada should be two cents a mile instead of three and four as at present. He based his contention on the fact that a two cent rate prevails in the adjoining states of New York and Michigan.

Sir Wilfrid opposed the motion on the ground that it was not fair to require passengers to be carried at the same rates over different systems. He pointed out that the commission had power by the bill to reduce rates, and he considered that this power Mr. McLean's contention for lower rates under certain conditions, and yet did not work unfairly in enforcing low rates without regard to conditions. The amendment was declared lost on division, that is to say, it was declared lost without being put to a vote.

Another amendment was proposed by Dr. Sprague to provide that east of Port Arthur the maximum rate should be two and a half cents per mile. This motion was voted on and defeated in a very slim house of a majority of 45 to 35. An amendment at third reading to a government measure is a vote of want of confidence unless the amendment is accepted by the government. On this principle the opposition voted solidly for the amendment, and a number of Liberals who believed that the bill might have been more defensible than it is on the subject of passenger rates, voted with them. It is a remarkable tribute to the legal and legislative and expert knowledge of the ex-Minister of Railways, that this bill, so complicated, so far reaching, and establishing an entirely new principle, has passed through its final stages after having left his hands complete without amendment and without opposition.

Of almost equal importance was the bill incorporating the Grand Trunk Pacific railway company, which also received its third reading and was finally passed, also without amendment. The discussion on the question of whether the St. John Valley or the Chipman route should be followed to St. John was continued; but a vote was not taken and as the bill stands the company has power to build from the proposed government line near Chipman to St. John. St. John is Canada's winter freight port, and the provision whereby the Grand Trunk Pacific company secures a line to St. John which is two hundred miles shorter than the present Intercolonial is a most important one, not only to the Canadian port chiefly interested, but still more to the Canadian trade which requires to reach that port.

A government measure providing for the winding up of the affairs of bankrupt or bankrupt railways, was also read a third time. This measure had been introduced by Mr. Demers, Liberal, of St. John, Que., and had been taken charge of by the government.

The remainder of the session was taken up with the discussion on supplementary estimates for last year, chiefly connected with the canal improvements.

LIQUOR AND INDIANS
Contributed.
There was a time when most white people stood somewhat in awe of an intoxicated Indian and this fear was well recorded in the strict laws and provisions of the Indian Act. And those laws were none too strict nor ever too well enforced. With the rush of immigrants to our land some of the dread of the lonely settler has passed away and a firmer conviction of a grasp of the situation has taken hold upon many of our citizens. In most instances this fear has not been superseded by any particular interest in the welfare of the Indian, and many who desired entire prohibition for their own safety thought little of the safety of the Indian from the curse of liquor. Hence we find a tendency to laxity in this regard. Unscrupulous traders are ever ready to traffic in liquor and the Indian is only too ready to drink. Vigilance on the part of government officials is highly necessary to prevent the introduction of liquor into the reserve, but in too many cases the official is a drinker himself and will not hesitate to contravene the Indian Act for his own indulgence. If the official is an agent and is guilty of the above offence, we have a member of society upon whom is conferred the dignity of a Justice of the Peace, under solemn oath to obey our laws, directly breaking those very laws. Naturally, one who is contravening the act, will not make a select party to bring offenders of that act to justice, particularly those who break it in a similar manner. Knowing this, the illegal vendor of liquor becomes audacious. Indians see this and the effect is far from wholesome. Again, how can any one hope for reform when the very magistrate is gloriously corrupt? If it is necessary to have a sober tribunal to bring them before, or to place an example before them. To the

Indians it seems a huge farce. The days when agents were a law unto themselves is past. If the dignitary can violate the law today and tomorrow condemn a man for a breach of the very same act, we think it is time for a change; yes, and a very decided one. Do you wish the Indian to respect and obey our laws? Teach him to do so. Be careful lest we teach him to break it, and to break it so utterly that only the bloodshed of our sons will recall him from desire to get away from restrictions which he has learned from white men, may be glaringly set aside.

STORY PLAIN
The barley harvest has begun, a number of our farmers having most of their barley cut. It is an excellent crop.

Considerable hay has been spoiled by the frequent rains, but during the present fine weather a great deal of good hay will be put up.

The seed crop on the Plains is exceedingly heavy and promises an abundant harvest.

Ducks are not very numerous this season in this locality.

The bad holes on the roads are getting worse every day, as the mud is drying with the hot sun. Surely something can be done to fix up these bad places. A few hours' work will save a great deal of trouble and time.

Mr. Hare and boys and also Mr. W. Empey are back from the Vermilion, where they went to put up hay.

SADDLE LARK
Haying has scarcely begun yet. A few have cut some, but none have stacked any as yet.

Mr. Geo. Mann, jr., is holidaying at the agency. The crews are so deep that he cannot reach Moose.

The Indian department has requested Mr. Batty to buy a team for the farm. Trot out your thoroughbreds. Rev. Robt. Steinhilber came in from Whitefish and on Sunday morning preached in Cree, and in the evening in English. He is earnest and zealous in his work.

School reopened on Monday, the 17th merly demanded for goods, and prices are now much more reasonable. The colonists are settling down and becoming much more reconciled to their surroundings. Grading through the colony for the Canadian Northern railway will commence in a day or two, or has practically commenced already. Great improvements are visible in Edmonton even after a short absence of six weeks.

ALBERTA STEAM LAUNDRY
Premises now reopened. Orders will be called for on receipt of postcard or otherwise.

MONEY TO LOAN
The British Columbia Permanent Loan and Savings Co. will loan sixty per cent of appraised value of improved Town Property. Excess payments can be made with any monthly payment. Interest is dropped on Every \$100 of the principal returned. The whole loan can be returned at any time without bonus by giving sixty days notice.

REVILLON FRERES.

Ticketed to Death

Victoria Times. A party of prominent citizens of Edmonton, Alberta, are visiting the city. They are F. Fraser Tims, Mr. and Mrs. Donald Ross, J. H. Fieard, and Mr. Hestlyn. Mr. Tims is secretary of the Board of Trade at Edmonton and is also connected with the Industrial Exhibition Association. Mr. Ross is a pioneer of British Columbia. He was in Victoria 23 years ago, and went from there into the interior. For some years he has been a resident of Alberta. This morning Mr. Ross said that everything was looking promising in the Territories. There had been plenty of rain and the crops were expected to be as large, if not larger, than any previous year. When they had left farmers were already busy reaping the early grain. It was estimated that this year in Alberta alone, there would be a crop of at least 6,000,000 bushels of oats. At this stage Mr. Tims referring to the trade between British Columbia and the Territories, remarked that all probability the most of this would be exported via British Columbia. Last fall there had been about 5,000 tons of oats shipped from Alberta through Brackman and Kerr, to South Africa. This plan had been found to operate admirably, in fact so well were the farmers satisfied that they were practically unanimous in their decision to send this year's crop to British Columbia for export to other countries. "If the people of British Columbia are really anxious to encourage this trade," continued Mr. Tims, "they should see that elevator facilities are provided without delay." What made elevators so necessary, he explained, was that the vessels plying between Australia, the Orient and South Africa, with difficulty that these ships could be connected with without delay, and therefore elevators were needed to store the grain. He had written the Board of Trade in Victoria, Vancouver, Seattle and New Westminster about this matter some three years ago, but evidently nothing had been done. "However," he continued, "when the people of British Columbia see the possibilities of this trade, some action will, no doubt, be taken. Mr. Tims pointed out that there was a feeling of kinship developing between the merchants of this province and Alberta, which promised to result in a large trade. He had not realized that local wholesalers were doing a considerable business with the people of Alberta. Asked regarding the general opinion of the people of Alberta on the subject of the proposed new transcontinental railway, Mr. Ross said that all planned to be "ticketed to death." When completed the railway would open up a vast tract of the richest agricultural country in the world. The Dominion government's action in this regard had already been of benefit to the Territory. The C. P. R. was now looking for the building of a bridge over the Saskatchewan river at Edmonton. It was also understood when he left that the Grand Trunk Pacific would have parties on the ground surveying from Edmonton east and west, almost immediately. Mr. Ross, as mentioned, visited Victoria last 30 years ago. At that time, he said, this city was practically dead.

One-third of the houses were vacant and things looked most uninviting. The party will leave on a trip to San Francisco, and after a short pleasure tour, will return by way of Victoria.

CLOVER BAR

A few farmers from here went to the Fort Saskatchewan fair. Mr. Sid. Ottewill took 20 head of grade and thoroughbred cattle. We believe that Clover Bar carried off its usual share of prizes at Strathcona fair last week. The new school at Clover Bar church is completed with the exception of being painted and is a credit to the community. The young people of Clover Bar, under the auspices of the Epworth League, are holding a lawn social at the church grounds on August 25th in the afternoon and evening. Tea will be served after five o'clock and an entertainment held in the evening. The object is to raise funds to erect the schoolroom at the end of the church. The admission fee is 25 and 15 cents. Mr. Isaac Dore has just returned from a trip to the Vermilion. Judging from the number of tickets being sold, the lawn social is likely to be popular. Miss Zola Campbell of Strathcona, has been engaged as teacher at Clover Bar, and commenced her duties Monday, August 17th.

EDMONTON TRADE

The train between Edmonton and Strathcona has not been running regularly of late, and as a consequence, there are over forty cars of freight for Edmonton standing in the Strathcona yards. All this will be moved over within a day or two. At present the Edmonton yard is full of cars of freight in the process of unloading. During the past fortnight fifty-two cars of freight have been brought into the Edmonton station and fifteen have been sent out. The number of cars and the commodities in each are included in the following table:

is only fully realized when the instrument used is perfect in tone, touch and action.

Long experience enables us to select instruments of flawless construction and superb tone.

There is in our store now a good variety of first-class instruments, including pianos down to the smallest harmoniums.

We would be pleased to have a visit from those who contemplate purchasing or wish to effect an exchange. Our terms are satisfactory.

Meats of all kinds. Specialty in Fine Denmark and 1 Foreign Sausages.
Highest market price paid for Cattle, Hogs, Sheep, Poultry, etc., etc.

Jos. Hehsdoerfer & Co.

LOCAL

—Calgary Albertan.—J. W. Clinton went north this morning. He is opening an insurance office at Edmonton.

—A recent fire in the C. P. R. shops at Winnipeg destroyed \$25,000 worth of property. Several freight cars were burned.

—Brick is being hauled from St. Albert for the Alberta hotel, Edmonton.

There is a great scarcity of brick here caused by the immense amount of building.

—The death occurred at Dundas, Ont., of Mr. Alex. Pene, the editor of the Dundas Banner, from the result of self-inflicted injuries while suffering from low spirits.

PERSONAL

F. McKnight, a first-class experienced plumber, arrived in Edmonton last night from Owen Sound to take a position in Ross Bros.

W. G. Puchum, of London, England, Canadian Immigration office, is in Edmonton today, in company with C. W. Zutter, Dominion Immigration agent. Mr. Puchum will take a trip through the Belmont and Poplar Lake districts this afternoon.

SALE OF COLIN FRASER'S FURS

Colin Fraser's furs were put up for sale in four lots. Three of the lots were sold yesterday, and the fourth lot, comprising the thirty-four silver foxes and other very valuable furs, will be sold on Friday.

The first lot, purchased by Revillon & Co. for \$9,800, comprised the following furs: 40 cross foxes, 15 white foxes, 100 red foxes, 700 martens, 700 musk, 25 beaver, 125 lynx and 40 otter.

The second lot was sold to Ross Bros. for \$10,475. In this batch there were: 549 martens, 38 otter, 22 weasels, 15 fisher, 38 cross foxes, 109 lynx, 94 red foxes, 18 white foxes, 39 wolverines, 35 beaver, 30 pounds of castor, 501 musk and 549 beaver.

The third lot was sold to Ross Bros. for \$5,250. This lot comprised 19 musk ox, 34 beaver, 31 skunk and 17,615 musk rats.

Violent Hallstorm

An exceedingly disastrous hallstorm occurred along the line of the C. P. R. in Assiniboia night, Saturday night.

—Moose Jaw, Aug. 17.—A very severe hall storm started here at nine o'clock last night. Have not yet been able to ascertain the extent of territory covered by the storm, but it is feared the crop in this district will be a total loss.

In this town it played havoc with windows in railway coaches, houses and buildings. Every window exposed to the storm from the north was broken; windows in houses where there was protection by screens alone are left whole. It apparently leveled everything in the way of crops. No flowers are left in the gardens here, and the C. P. R.'s beautiful garden is a total loss, everything being beaten flat.

—The hailstones were five inches in diameter.

EDMONTON MAN SUSPECTED

Calgary Albertan: There was a second wholesale forgery case in Calgary Saturday night. There is a man in the police cells now charged with the offense.

On Saturday night a man, dark, fairly tall, good looking, went into the store of Robinson & Co. He made some purchases, which came to \$25.50. He tendered a check for \$25.00 and a fifty-cent piece. The check was on R. Mayhood. It was not endorsed at first, though the gentleman who presented it said it was. He endorsed it.

Mr. Robinson was not free from suspicion and asked the man where he was stopping. He said at the Royal, and Mr. Robinson suggested that the goods purchased be sent over. The gentleman refused. Mr. Robinson insisted, but the man finally took the goods.

Mr. Robinson made some enquiries and informed the police.

In the meantime, four other, perhaps more, Mayhood checks had been presented and cashed. They were all for \$25. They were presented at Hatfield's, Palmer's Royal Shoe store and at the Calgary Cattle Company.

The police arrested a man at the Atlantic hotel who answered the description of the man wanted. He said his name was Lambert. It is believed that he is the same man who signed his name as McNab at the Palace on Thursday.

McNab comes from the east but has been in Edmonton for some time acting as billiard marker in one of the hotels there.

He is a young man, 5 feet 9 inches in height with dark moustache. He was accompanied by a young lady, R. Mayhood, whose name was forged, is a rancher living near Calgary.

Winnipeg Markets

Commercial, August 15.

Wheat.—We have had a little excitement on account of one or two dealers being short for delivery first half of August to a shipper who was bound to have the stuff, and they would almost pay any price for two or three cars of spot stuff, and yesterday some wheat changed hands at 91c for No. 1 hard, but as soon as these dealers picked up what they are short, the prices will likely drop back again. En route or last half August delivery is worth 1 hard, 89c; 1 northern, 87-4c; September and October delivery, 85c for 1 hard. Nothing doing in lower grades.

Oats.—The market is quiet and steady. Local feed requirements are being steadily met, which is the only business doing. Local buyers pay 32c per bushel for carlots of No. 1 white, on truck here, and 31c for 2 white. Feed grade, 29 to 30c. At Fort William No. 1 white oats are worth 31-1-2c per bushel, No. 2 white, 30-1-2c.

Barley.—There is practically nothing doing in this grain. Shippers are quoting 38-1-2c for No. 3 and 37-1-2c for feed in store, Fort William.

Local merchants would pay 32c to 34c for feed barley on the street here, and about 1c more on the track.

Mechanics, Farmers, Sportsmen.—To heat and soften the skin and remove grease, oil and rust stains, paint and earth, etc. See "The Star" for particulars.
